# About Us

## Fleet Mobile Maintenance

Our service offerings include mobile preventative maintenance and mechanical repair, tire replacement and repair services, and trailer repair and maintenance services. Fleet Mobile Maintenance serves several markets in the Southeast corridor of Michigan, including Detroit, Ann Arbor, Battle Creek, Lansing, and Flint. We also have technicians serving customers in Indianapolis, Cleveland, Louisville, and Nashville.

We are a passionate team who strive to be the best service providers in the country. We do this by following two simple ideals, following DOT standards and putting customers' needs first. Our on-site service comes to you, so there is no need for costly downtime, waiting, and moving equipment around.

We focus on building long-term relationships with every one of our customers by keeping their equipment safe, compliant, rolling, and on time!
